3RD MARCH 2027

WHAT'S IT ALL ABOUT...?

The country of Boroland is split into 24 counties with each area having its own unitary authority, fire service, police service, , NHS trust, a housing association and a major charity.

Each of these organisations have had their senior leadership team removed by the government due to poor performance and today see's the arrival of a group of new senior leaders who have been seconded across to sort the mess out.

Can you and your colleagues step up to become saviours? Can you rescue your new organisation and Boroland from the brink of disaster? Only time will tell!

ABOUT THE CHALLENGE CREATORS RWTA LTD

If you've attended and taken part in any public sector management simulation event in the past 16 years, there is a very good chance that Richard Wills and Dave Senior were behind it. They created the infamous "LA Challenge" back in 2011 and after a short break thanks to the global pandemic, came back together again in 2021 to create the Tri-Sector Challenge. So strap yourself in for what promises to be the most immersive challenge yet!
